Pure & Original, Non-paint 2021 NL v2, art. nr. 109679

Not only the selected type of paint determines the final result; choosing the right paintbrush or roller plays an essential role too.

Whether you are going to work with Fresco lime paint or Marrakech Walls, Licetto hyper washable wall paint, Kalei facade paint or a lacquer paint, each type of paint requires specific tools.

Licetto colour Mexican Sand

## *Flat paint brushes*

Flat brush in 100% pure black polyester fibre. This high-quality brush is suitable for all lacquers and paint products, particularly for all water-based paint products. The presence of different types of conical and resilient fibres ensure excellent paint pick-up and gradual paint release. The split ends provide a subtle finish without streaks. The flexible and super soft fibres are durable and easy to clean.

The brush has a copper-plated ring and a lacquered beechwood handle. This brush is handmade in Belgium and available in different sizes.

Suitable for  
Classico, Licetto, Traditional Paint, Carazzo, WallPrim Pro, OmniPrim Pro, WallFix, Fresco Special Fix, Dead Flat Eco Sealer

Available in  
3", 2,5", 2", 1,5", 1"

## *Round paint brushes*

Our round brushes are made of 100% pure black polyester fibre, tied with grey cotton wool. This high-quality brush goes with all lacquers and paint products and is particularly suitable for all water-based paint products. The presence of different types of conical and resilient fibres ensure excellent paint pick-up and gradual paint release. The split ends provide a subtle finish without streaks. The supple and super soft fibres are durable and easy to clean.

The brush has a copper-plated ring and lacquered beechwood handle. This brush is handmade in Belgium and is available in different sizes.

Suitable for  
Classico, Licetto, Traditional Paint, Carazzo, WallPrim Pro, OmniPrim Pro, WallFix, Fresco Special Fix

Available in  
18, 16, 14, 12, 10

Fresco colour Ashes, Niamh Barry

## *Fresco Pro Lime Brush*

Lime brush in 100% pure black polyester fibre. This block brush can be used with all water-based paint products and is ideal for painting large surfaces and decorative painting techniques such as Fresco. The presence of different types of conical and resilient fibres ensure excellent paint pick-up and gradual paint release. The split ends provide a subtle finish. The supple and super soft

fibres are durable and easy to clean. The brush has a copper-plated ring and a lacquered beechwood handle with a bucket hook. This brush is handmade in Belgium.

Suitable for

Quartz Kalei colour Sahara Dust, Gabriel Clauteux Jessica Bataille Group Javea

## *Kalei brush*

Kalei brush in white plumed PVC fibre, and hollow polyester fibre. This block brush contains a mix of fibers that will ensure excellent paint absorption and provide a typical authentic bare-stone structure. The PVC fibers provide a much lower wear on the brush during the liming process.

The brush has a copper-plated ring and a lacquered beechwood handle with a bucket hook. This brush is handmade in Belgium.

Suitable for  
Kalei

Marrakech Walls colour Old Rose with Dead Flat Eco Sealer, Licetto colour Nutmeg Powder

## *Spalter brush*

A “spalter” is a flat brush made of 100% pure black polyester fibre. This brush is a thin, flat and stiff brush with which you can easily apply chalk paint with an original, slightly streaky or coarse structure; this immediately gives the chalk-based paint layer a robust appearance. Also ideal for restyling furniture and accessories with Classico chalk-based paint. Also suitable for other decorative applications or for applying varnish. The supple and super

soft fibres are durable and easy to clean. The brush has a copper-plated ring and lacquered beechwood handle with FSC quality mark. This brush is handmade in Belgium and is available in different sizes.

Suitable for  
Classico, Fresco, Dead Flat Eco Sealer,  
Varnish Ultra Matte

Available in

Marrakech Walls colour Old Linen, STUDIO kapstok

## *Marrakech Walls spatula*

A trowel specially developed for the processing of Marrakech Walls. The spatula with rounded corners is slightly tapered and has a pre-shaped, beechwood grip for an ergonomic job.

Suitable for  
Marrakech Walls

Massif colour Deep Earth incl Varnish Ultra Matte, Studio Two Space

## *Massif Roller*

A textured roller added to the range for applying Massif mineral stucco paint. The roller includes an 18 cm holder with a pre-shaped grip for comfortable hand placement. The grip is made of FSC-certified beech wood.

Suitable for  
Massif

Massif colour Terracotta incl. Varnish Ultra Matte

## *Massif Spreader*

A 25 cm rubber scraper for applying the second thin (scrapping) layer Massif.

Suitable for  
Massif
